

# WOODY in Hyndburn

Every  
Friday  
from  
10:15am  
to  
5:00pm

**During 2017 WOODY** will be working on: -

- processing felled timber
- dealing with felled trees
- installing benches and waymarkers
- free training is available

Anyone interested should book as Woody needs to make sure the necessary PPE and tools are available.

Sometimes events may need to be cancelled if the weather is too bad.

Each session is 10.15 to 5.00 but the team would welcome any time you can give to help them on local woodland projects.

**Wear appropriate clothing, sturdy boots and provide own lunch and drinks please**
