

'Improving Hyndburn's Wildlife' COMPETITION

THE
PROSPECTS
FOUNDATION

Funded
by

**The competition entries will be judge at the PROSPECTS 20th Anniversary Event
outside the Town Hall and Market Hall on the new event area**

See the reverse for additional information and ideas.

AGE 5-7

Create a 3D model of an animal, insect, bird, amphibian that you might find in a garden or backyard in Hyndburn. Use recycled materials and include an A5 sheet with a bit of information about your creature to educate others about the benefits of having the creature in your garden or backyard and include a photograph of yourself creating your model or the finished model.

AGE 8-10

Create a wildlife garden poster - make it as creative as you like but you have to educate others about general garden wildlife, one species of wildlife or ideas of things people can do in their gardens to attract wildlife. Include drawings and/or photographs but they must be original and not copied from a book or the Internet! You can include a photograph of yourself! Size A4 or 12" x 12" scrapbook size—you can use collage and scrapbook ideas but please use only recycled materials.

AGE 11-13

Create a 3D wildlife garden in a seed tray – maximum size is the standard overall tray size of 230mm x 375mm. Try and use a recycled seed tray and other recycled materials. Include a few wildlife habitats and feeders not just one! Include an A4 information sheet about your design what it includes and why you think it is the perfect wildlife garden or backyard garden area.

**Closing Date 12 noon
Saturday, 11th August**

Remember

Be original – no images or films downloaded from the Internet. It must be your original work and not subject to copyright.

Get others to photograph you or film you creating your creature, poster/scarapbook page or wildlife garden so we can see you in your competition entry!

Rope in the rest of the family to record your hard work...

IDEAS

Things you might want to think about and information you might include could be:-

- The name of the wildlife creature
- What size the wildlife creature is in real life
- What they eat and how you can feed them
- What eats them
- Where they live
- How does it defend itself
- How is your creature friendly to humans (don't include ones that are harmful to people)
- If you could be your creature tell us what would be good and bad about your life.
- How does your creature help humans?
- How is your creature beneficial to your garden or backyard?
- How is your creature different and similar to you?
- How can you attract more of the creatures to your backyard or garden

You do not need to include everything – these are just ideas to help you.

Closing Date

12 Noon, Saturday, 11th August 2018. Bring Your ENTRY to the EVENT by 11:30am

Judging in in the afternoon at the PROSPECTS 20th Anniversary event and prizes presented at 4pm.
