The Explorer Journal is a handmade book for people to take out with them on walks so they can note down things they have found, draw stuff, and stick things in such as photos etc. This is a family activity.

It also includes information sheets (which change depending on what the theme or project is e.g. bugs and wildflowers) or you could make a journal for recording wildlife you might see in your garden or backyard.

Part of the East Lancashire Cycleway Project  
(The Scenic Route Hyndburn section).
