A group of volunteers known as Woody do woodland management activities in various woodlands around the borough. They work at The Coppice, Woodnook Vale & Whinney Hill green space areas. Activities vary each month/season so please contact Mike to find out more about their planned activities. At the moment as it is the bird nesting season they will not be felling but will be processing the felled timber and also installing benches and waymarkers. Help them to sort hazel coppice into products including bundles of hazel rods, rustic poles for garden structures, bags of kindling sticks and cords of firewood logs. Anyone interested must book as volunteers need to wear appropriate PPE and we need to make sure enough tools are available to keep everyone active. Any new helpers are welcome for any amount of time. You will acquire lots of woodland management skills volunteering with Woody and work with a friendly and helpful team of regular volunteers. Bring lunch and wear appropriate outdoor clothing and footwear for the season and predicted weather. WINDFALL FUNDING AVAILABLE THROUGH PROSPECTS

WINDFALL FUND. Since 2012 we have funded 86 projects and awarded a total over £385,000. There is an 84% success rate for grant applications so if you have a project that fits one of our six themes and needs a mini grant of up to £250, a small project of £250 - £2000 or a large project needing more than £2,000 get in touch now. **See Mondays & Tuesdays in the What's On section.**

The Windfall Fund has been established from proceeds from the new Hyndburn wind farm on Oswaldtwistle Moor. The Fund is a community benefit fund that is being provided by EnergieKontor, the wind farm developer, and we have secured an agreement with EnergieKontor to manage the Fund on their behalf for the lifetime of the wind farm. Grants are available to community groups throughout Hyndburn for environmental projects which will improve the quality of life of local residents and contribute to the sustainable development of the Borough.

This means money is available for environmental projects in Hyndburn for at least the next 20 years!
